

CHRIST'S COLLEGE
FINCHLEY

Sixth Form

Tradition | Aspiration | Success

Join our dynamic, aspirational and ambitious Sixth Form @ Christ's College Finchley

Our aim is simple; we are dedicated to preparing our young people for the fourth industrial revolution and careers of the future, wherever they are in the world. We want to ensure they have the best skills that will make them stand head and shoulders above their competition when they are applying for university, apprenticeship schemes or professional placements; adaptable and transferable skills, intellectual curiosity, resourcefulness, passion and ambition.

We provide an outstanding curriculum tailored to individual students' interests and personalised learning pathways to suit all abilities and aptitudes. We also offer a wide range of exceptional opportunities through unrivalled initiatives and programmes.

We pride ourselves on encouraging students to be independent and to develop important life skills that will stand them in good stead in the future: adaptability, communication, teamwork and problem solving. Our experienced and dedicated Sixth Form team provides extensive support and guidance at all levels, and in particular around UCAS applications. There are also a wide range of extra-curricular activities and exceptional leadership opportunities to ensure students develop and achieve to their best ability – academically, socially and personally.

At CCF our greatest asset is our students – take time to read their profiles on our website and in this pack. The majority progress to higher education, including Oxbridge and other high ranking universities, following their passion and vocation, going on to study university courses including Medicine, Law and Engineering.

We promise to prepare our young people for an exciting world of opportunities. If you want to be inspired, challenged and supported come and join us this year and fulfil your true potential.

D Nielsen, Director of Sixth Form

“Sixth Form students have high aspirations for their future education, training and employment, and they work very hard. Teachers know students well, provide extra support to those who need it and plan interesting and engaging activities.”

Ofsted 2016

Destination success – your future starts here

GREAT REASONS TO MAKE CHRIST'S COLLEGE FINCHLEY YOUR FIRST CHOICE

Your own learning and leisure SPA

- New purpose-built Sixth Form study centre
- ICT and independent study facilities
- Common room with coffee shop
- Friendly and supportive environment
- Unrivalled range of extra-curricular opportunities and activities
- Greater freedom and increased responsibility

University destinations

Despite competitive entry requirements for top university destinations across England, a number of our students gain entry to the top 30 universities in the UK every year. CCF is consistently successful in sending students to top institutions and we pride ourselves on this.

Students who aim to apply for top university placements are invited to join an exclusive network of Year 12 students to equip them with the means to gain entry to these highly competitive universities.

Activities include:

- Fortnightly meetings with a dedicated member of staff
- Academic performance closely monitored
- Special classes for Oxbridge applicants
- Invitations to lectures and talks at universities such as Imperial, UCL and LSE
- Specialised work experience
- Visits to open days, university libraries and other facilities
- Focused guidance on writing personal statements for Russell Group universities
- Invitations to Sumer School programmes held at universities during the summer break

UCAS programme

Sixth Form at CCF offers a comprehensive UCAS programme to guide students through the process.

The specialist programme begins in Year 12 where students begin to investigate courses and universities of interest to them, visit the UCAS conference, and are expected to visit university open days. Students are provided with ample opportunity to take part in activities that will enhance their Personal Statement which our experienced team of Form Tutors are on hand to assist with. The Sixth Form team, the Headteacher and Director of Sixth Form together produce school references for each individual, ensuring that each students' attributes, experience and achievement are showcased.

At CCF, we are incredibly proud of our students' outstanding record of gaining first choice university placements and commend our Sixth Form staff as their specialist programme goes a long way in supporting this.

"We have total confidence in the staff at CCF. The teachers encourage the students to aim high and support them academically and pastorally to achieve their goals."
